

Easy pack slim pack

The new **CELOX**TM Gauze Z-Fold

Our new compact Z-fold gauze is easier to work with.

The new slim pack is easy to carry.

- The slim pack allows multiple packs to be carried easily.
- The Z-fold gauze comes in 5ft lengths and is as effective as other 12ft length products in filling a bleeding space¹.
- Celox Gauze Z-fold is as effective a haemostat as our existing rolled gauze.
- The shorter length is easier to handle and reduces application time¹.
